FRESH VOTERS—Freshmen voters put ballots in sealed boxes and signed up to vote at one of the three campus booths handled by Spartan Shields, upper division political science students, Alpha Phi Omega, national service fraternity, and its women's auxiliary, Phraeteres.

First Day's Voting Attracts Almost 400

Only one-half of freshman representatives' election has been completed, but already the turnout has surpassed last year's freshman class vote.

Election Board Committee member Hal Kushins said late yesterday afternoon that the number voting was close to 400—approximately the same number that turned out for last year's frosh election.

Kushins stated that he expects the number to be much higher than the previous election.

The total vote has been unofficially estimated from a quick check at the three voting stations located on campus. Reports indicate that most of the balloting was at the Spartan Bookstore booth, with the cafeteria location following closely and the Women's Gym booth lagging behind.

Operating the booths in the vote are Spartan Shields, upper division political science students and Alpha Phi Omega, national service fraternity. Phraeteres, APHO's women counterpart, is also contributing its services.

Voting will continue today and polls will remain open until 4:30. At this time, ballots will be taken to the campus computer center where IBM processing equipment will tabulate the final vote.

Results should be known by 5 o'clock on which four freshman students will sit on the Student Council.

Professor Calls For Conservatism

Claiming that the future success of the Republican party depends upon true conservatism, Dr. Jacob Patt spoke last night to the SJS Young Republicans.

Dr. Patt, assistant professor of history and education, said the Republican party and America "are depending on you," referring to the SJS YR group.

Patt gave a history of the Republican party, explaining that the GOP Liberals' "apeing of the Democrats caused the Republican downfall in the past." He implied that this could occur again and that true conservatism in the GOP is needed to avoid this.

Graduate Elected To SJS Council

Student Council Wednesday afternoon seated a graduate representative on the council.

Burke Coveny, a graduate political science student, is the new grad representative on the council. Coveny received his B.A. degree in 1956 from the University of Pacific.

Since being graduated, he has worked in the retail profession for a Bay Area department store chain.

Another grad representative will be appointed shortly, Bob Pisano, council chairman, stated. The second appointee will fill the two grad spots on council.

Cuban Challenges Driggs Report, Debate Oct. 21

By STEVE AGOSTA
"I challenge anyone who lies about Cuba and tries to warp and distort the Cuban picture."

These were the harsh words of a man who lived in Cuba; a member of the lower class Cuban society; a man who prefers to be referred to only as Garcia because he feels his family living in Cuba "may become involved."

Garcia has challenged Steve Driggs, a SJS political science major, to a public debate on Cuba. Driggs and two other American students spoke last week at SJS, telling of their travels to Castro's island.

Last night the duo met and tentatively set Monday, Oct. 21 at 7:30 p.m. as the time for their debate.

No room has been picked as yet for the talk.

Garcia, referring to Driggs and others who spoke on Cuba last week, said: "They don't know a darn thing about Cuba."

Driggs emphasized that he would meet Garcia and re-hash his views "as a visitor to Cuba."

Driggs said: "This man accused me of lying about the Cuban situation. On that basis, I will be glad to meet him and explain my position."

Garcia left Cuba in 1957, returning to visit his country again in 1958 and 1960. He presently has a provisional teaching credential and is teaching in a San Jose high school while attending SJS as a part-time evening student.

Hunt Faces Charge Of Manslaughter

Kenneth B. Hunt, 17-year-old SJS freshman, will face a charge of misdemeanor manslaughter resulting from a traffic accident, October 5, which took the life of his passenger, Patti Alpert, 19-year-old SJS coed.

The accident occurred early Saturday morning, when Hunt failed to stop at a red light at the intersection of San Antonio and Third Sts., colliding with a car driven by Isaac B. Ramirez, 27-year-old laborer.

Hunt's case will be processed by the Santa Clara County Juvenile Court to determine whether it will retain jurisdiction or refer the case to adult court.

Misdemeanor manslaughter is punishable by imprisonment in county jail for not more than one year.

World Wire

JFK TO SELL REDS WHEAT; DEFENDS CIA
WASHINGTON (UPI)—Highlights of President Kennedy's news conference Wednesday:

Wheat—He announced approval of a "one shot" \$250 million wheat sale to the Soviet Union.

Viet Nam—He vigorously defended the Central Intelligence Agency (CIA) against charges that it had followed an independent policy in South Viet Nam.

SOVIET AGENT TRIES TO STEAL ATOMIC WEAPON
STUTTGART, Germany (UPI)—A Soviet agent bribed four American G.I.s to steal a U.S. Army atomic weapon, it was disclosed yesterday.

Col. David S. Dillard, intelligence chief of the U.S. 7th Army, said the attempt was made by a Greek agent of the Soviet Union in Munich last year.

U.S. counter-intelligence agents arrested Nicholas "Nick the Greek" Lazopoulos and the four soldiers he bribed before they could steal "one of our atomic weapons for Soviet intelligence," Dillard said.

Lazopoulos first paid the four Munich-based soldiers \$5,000 to steal an M-14 rifle, an M-60 machine gun, an M-79 grenade launcher, gas masks and field manuals, Dillard said.

"That was to hook them for his next operation—the real one. He made an advance payment of \$875 for delivery of one of our atomic weapons," Dillard said.

LINUS PAULING WINS NOBEL PEACE PRIZE
OSLO, Norway (UPI)—Linus Pauling, American chemist and adamant foe of nuclear testing, yesterday was awarded the 1962 Nobel Peace Prize.

At the same time, the Norwegian Nobel Prize Committee announced that it had divided the 1963 Peace Prize between the International Red Cross Committee and the Red Cross League.

Corps Reps on Campus

Special Tests To Be Given Here Daily

R. SARGENT SHRIVER
... speaks today

Any major can find a place in the Peace Corps since there are 300 different job categories to choose from, according to Dr. John M. Groebli, deputy director of Training for the corps.

Special placement tests for the Peace Corps will be offered Oct. 14-19 at 2:30, 4:30, 6:30 and 8:30 p.m. in B-13. The Optimal Language Proficiency tests will be given in B-14 at 3:30 and 7:30 p.m.

PEACE CORPS CENTERS

Students can sign-up in front of the Spartan Bookstore and cafeteria, which are the designated Peace Corps Centers and will be open from 8 a.m. to 8 p.m. daily.

Peace Corps staff members will be at the center to answer questions and hand out information. At the sign-up booths students may pick up a questionnaire and sign-up for the time to take the test.

GOOD ODDS TO PASS

The tests later will be rated and invitations will be sent to those who are accepted. According to Dr. Groebli the odds are extremely good for persons in college to pass.

Ten to 12 weeks of training are necessary for the Peace Corps, which includes learning a country's language, study of country in detail, its society, politics, government organization; and training for the particular job which the student will perform.

They will have 1,400 volunteers training this spring and 6,000 this summer. There are 1,200 volunteers training now at 25 colleges and universities across the country.

At SJS in 1962, 200 elementary aides for the Philippine Islands were trained under the direction

Engineers Plan Career Confab

The seventh annual "Careers in Engineering and Science Day" is scheduled for tomorrow in the Engineering Building.

Representatives of 23 companies in the fields of engineering, aeronautics and industrial technology will speak to students about employment opportunities in the industry.

of Dr. Jim Thornton, professor of education and Dr. Gene Waller, professor of psychology.

Approximately 65 per cent of the Peace Corps volunteers are college graduates. Persons must be over 18 years old and must have no dependents under 18. Married couples are welcome and 300 of them are now serving.

There are so many job opportunities for returning volunteers that the Carnegie Foundation has established a job placement center for them, said Dr. Groebli.

College Union Group Moves To Start Search for Architect

Is it time to begin looking for an architect for the proposed \$3.6 million College Union?

That was the main question discussed at a meeting of the College Union Planning Committee yesterday afternoon.

An answer came in a motion by Associate Dean of Students Robert S. Martin.

Dean Martin moved that C. Grant Burton, executive dean and head of the union building subcommittee, begin looking into the procedure of selecting an architect. The motion passed.

Whether an architect will be needed, however, depends on the outcome of the Dec. 11 and 12 Union election.

If two-thirds of those voting assent, full-time students will begin paying mandatory fees on a graduated scale next fall.

The assessments for full-time students will rise from \$3 next year to \$18 a student in 1967-68, a four-year period.

Construction of the union would

Circle K Bottle Search Begins Tomorrow at 9

Bottles with a price on their heads will be the object of a search tomorrow by members of the San Jose State Circle K.

Proceeds obtained from bottle deposits will go for a party and gifts for patients of the rehabilitation program directed by the Volunteer Auxiliary at the Santa Clara County Hospital, according to Bill Moody, bottle drive publicity chairman.

Starting at 9 tomorrow morning and lasting until 5 p.m. four trucks will canvass the area surrounding the SJS campus. During the eight-hour drive Circle K members will be knocking at the doors of student living centers, apartments and houses in search of bottles.

Purchasing Meet Slated Tomorrow

The third annual Public Purchasing Seminar will begin tomorrow morning at 8:15 in S142.

The California Association of Public Purchasing Officers (CAPPO) and San Jose State's Management Department will jointly sponsor the seminar. Registration fee for the day is \$4.

Race Entries Due

"Little 500" entries are due today at 5 p.m. in MG121.

Each team, to be eligible for "Little 500" contest, must have four members and a bicycle to ride.

Experienced Director Speaks This Morning

Director of the Peace Corps, R. Sargent Shriver, who speaks at 10:30 this morning in the Men's Gym, once wrote of the individuals serving in the corps, "Their backgrounds are diverse and reflect the wide spectrum of American life."

The phrase might well be autobiographical considering Shriver's experiences, travel and education.

He graduated cum laude from Yale College in 1938 and received his LL.B. from the Yale University School of Law in 1941.

HONORARY DEGREES

Nine Eastern colleges and universities have awarded him honorary Doctor of Law degrees. His other honorary degrees include a Doctor of Humanities, a Doctor of Humane Letters and a Doctor of Civil Law, which was awarded him by the University of Liberia.

Shriver is here to head a team of Peace Corps members in a week long schedule of speaking engagements during "Peace Corps Week" on the SJS campus.

Shriver, who directs the operation of the Peace Corps in 37 countries, can speak first hand

about many of them. During the summers of 1937, 38, and 39 Shriver conducted an experiment in international living in Germany and France.

As President of the Chicago Board of Education in 1958, he traveled to the Far East to report on and inspect the educational programs of Japan, Korea, Hong Kong, Thailand and Cambodia.

In 1961 he was a Presidential representative in Guinea and traveled to South America to discuss Peace Corps projects with officials of Colombia, Peru, Bolivia, Chile, Brazil and Venezuela.

Since the establishment of the Peace Corps in 1961, Shriver has visited Peace Corps volunteers in the Philippines, from Singapore to Tanganyika, from Ethiopia to Jamaica and wherever else volunteers serve.

NAVY DUTY

No less familiar to Shriver is that portion of the globe covered with water. He enlisted in the Navy as an Apprentice Seaman in 1940 and was commissioned an Ensign the following year.

Shriver served continuous overseas duty in the Atlantic and Pacific from 1941 to 1945 aboard battleships and submarines, and holds the Navy Unit Citation, Submarine medal and numerous campaign medals with battle stars.

In 1946, Shriver resigned as assistant editor of Newsweek magazine and was associated with Joseph P. Kennedy Enterprises until 1948.

From 1948 until his appointment in 1961 to the New Frontier's Peace Corps program, Shriver was Assistant General Manager of The Merchandise Mart.

In May, 1953, Shriver married Eunice Mary Kennedy, sister of President John F. Kennedy.

PEACE CORPS OFFICIALS

Accompanying Shriver to the SJS campus to conduct "Peace Corps Week" is a team of four Peace Corps officials who will speak to campus groups about the Corps during the week.

Persons interested in inviting the Peace Corps members to speak before their organizations may make arrangements with Donald R. Ryan, assistant to the dean of students in Adm269.

PSA WEEKLY FLYING FOOTBALL CONTEST

GAMES FOR THE WEEKEND OF OCT. 11-12

(NOTE: Circle the expected winner and indicate the probable score.)

SJS	vs.	Washington State
USC	vs.	Notre Dame
Washington	vs.	Oregon State
Texas	vs.	Oklahoma
Michigan	vs.	Michigan State
Wisconsin	vs.	Purdue

All entries must be in the boxes in the Spartan Bookstore and Spartan Daily office by Friday noon

NAME _____
ADDRESS _____
PHONE _____
Contest is open to all members of the SJS faculty and student body, with the exception of members of the Spartan Daily editorial and advertising staffs. Winner will receive a free, round-trip ticket on Pacific Southwest Airlines between San Francisco and Los Angeles, good until June. Winner will be notified by the Wednesday following each contest.

Responsibility of Congress —Mirror or Conscience?

By DIANE MAUZY

One of the pertinent questions confronting American political theory is that which involves the role of representation.

One theory asserts that congressmen should act as mere delegates. That is, they should restrict themselves to the role of a political mirror and reflect the views of their constituents. The theory rests on the idea that it is democratic for a congressman to faithfully represent the views and whims of the people who elected him.

Another theory, introduced by Edmund Burke in the House of Commons, suggests the idea of responsible representation. As it has evolved this theory means that it is the responsibility of a Congressman to think in terms of national welfare and to "lead" his constituents.

"The representative has access to more information and should be the one to find out what is best for the country," said Dr. Frederic A. Weed, head of the political science department. "Then if the constituency disagrees, it is up to the representative to educate the people."

"Of course, if the representative is in a district with a cer-

tain economic constitution, he has to temper the ideal," said Dr. Weed. "There is not a loss of democracy," he noted, "because a representative can be thrown out of office every two years. This makes him responsible . . . and representative," he concluded.

"In theory the representative should be responsible and vote with his conscience," said Dr. Edward J. Rogers, professor of political science. "But then I'm not running for office. The representative has to be a local ambassador and satisfy his constituents . . . to win an election," he said.

"A Congressman cannot divorce himself from principle but he is still forced to bring back the bacon. Theoretically he should be a responsible representative but practically he must compromise," he concluded.

"While a Congressman must represent local interests he must also many times give way to pressing national interests," said Dr. James E. Watson, associate professor of political science.

"A responsible representative can weigh right versus the practical and prejudices versus the welfare of the nation."

"I THINK I'LL RUN AWAY TO CHINA. DON'T TRY TO STOP ME!"

Meanderings

By DIANE MAUZY
Feature Editor

A long-lived tradition of the Spartan Daily staff is sinking deeper into abyss. While somewhat unheralded (it doesn't make the staff box) the once highly regarded position of "Happy Herald's Editor" is dying.

As the tradition goes, the "editor" is selected each day for assignment from among an eager throng of volunteers. After collecting orders and donations, the "ed" sets off in a frenzied trek across campus to retrieve life-saving snacks for the staff—a heavy box-load of assorted goodies.

But, alas, this semester is different. After a few days of success the reporters began to doubt the sacredness of the tradition. By now volunteers can't even be drafted! The reporters bury themselves in work at the typewriter or hurry off without an "adieu" to cover their beats. Such dedication.

It is sad indeed for the "big ed's" to watch a tradition crumble. It is even sadder that the untimely end should come as we find ourselves in the position to reap the rewards. So now the "big ed's" turn menacing eyes toward each other . . . and eventually the Fine Arts Editor rises from the sanctuary of his desk and bulletin board and "volunteers" to save the day.

In anyone knows of a remedy for this apathetic situation, we on the Daily would appreciate your signing up for a position on the staff next semester.

Letters of personal attacks will not be printed. All letters must include the writer's signature and ASB number.

Co-Rec 'Crowded' Student Complains

Editor:

I recently went over to Co-Rec to get in a little dancing and maybe meet somebody. I stayed only about five minutes. The place is just too crowded. The three volleyball courts had 12 players each. I think it was too crowded for much table tennis.

I got in a line that took me into the dance room. All of a sudden there wasn't any air. I don't understand why the people don't suffocate. I didn't want to shove my way into any more lines, so I headed toward the San Carlos exit. The dance floor was so crowded, that if one person sat down in the middle of it, all 650 people would have to stop dancing until he stood up again. Well, almost. I was glad to get out of the place. I was glad to breathe again.

Co-Rec has grown considerably in just the two and one-half years that I've been here. The Recreation Department and its students have really done a fine job. The music is live, and lots of students have fun for no cost.

However, if Co-Rec is to continue to grow, it is going to need more room. (This is the simple point of my letter.) I am sure that more room will be given—the new half of the Women's Gym, probably. The sooner the better.

Student Questions: 'Why Tower Closed?'

Editor:

I would like to direct this question to anyone who has the right answer.

Thrust and Parry

Why was Tower Hall closed?

Is it really because the archaic symbol of San Jose State would tumble down if there were an earthquake? Could be. I couldn't deny that fact. I don't think many people could. I also couldn't deny the fact that there are a lot of other buildings both on campus and in the local area that would fall during an earthquake. I'm speaking only of public places; some of the private dwellings in San Jose would disintegrate if a flying pigeon deposited on the roof. Why aren't these places closed? People in these private structures could get just as dead as the people in a downtown store, Tower Hall, or maybe we should include the Science Building, too. But we can't. Why? you ask. Well, there is no other place on campus to hold science classes—no labs and lecture rooms suitable to this purpose.

Tower Hall's classes were mainly business and required only seats so that the students could be comfortable. Why then was the building closed? Could it be that it was somebody's thought to close the Tower just to pressure the construction companies to finish our new classrooms at a more rapid pace?

'Thanks' Democrats For Recent Stands

Editor:

John Shanafelt would have us believe that the recent proposals of the California Federation of Young Democrats brands them as "a working arm of the organized conspiracy which is dedicated to the destruction of this country from within." These controversial proposals include resumption of diplomatic and trade relations with Cuba, recognition of China, conditional recognition of East Germany, gradual withdrawal of U.S. troops from Viet Nam and cutting off aid to the Diem regime.

Shanafelt may disagree with these strong proposals, but these are issues we need to discuss in an unpoisoned atmosphere. Especially at this point in history we need to resist the urgings of the far right to avoid provocative issues, shun debate, and accept government policy as unchallengeable. We will have to ignore the threats of those who misunderstand liberty if we are to avoid a totalitarian type of stagnation of public opinion. The Young Democrats deserve our thanks for bringing these issues up for debate.

SJ State Leads State Colleges

57 Students Serving In Corps From SJS

With 57 volunteers, San Jose State is the foremost contributor to the Peace Corps of the California state colleges.

California state colleges led the nation as a source of U.S. Peace Corps recruits with 293 students. The state total of 702 recruits comprises 7 per cent of the entire roster of 4,379 volunteers serving abroad at the end of June of this year. The number is by far the largest of any college system in the country.

In recognition of the state's record, the director of the Corps, Sargent Shriver, will address convocations at four of the California State Colleges. He will speak in the Men's Gym today at 10:30 a.m.

AVAILABLE TO SPEAK

The other members of the Peace Corps team will be available to campus groups for speaking engagements during October.

Ranked in order of their personnel contributions to the program,

the list of colleges includes SJS, 57 volunteers; San Francisco, 44; San Diego, 43; Long Beach, 28; Fresno, 28; Cal Poly at San Luis Obispo, 23; Los Angeles, 21; Sacramento, 12; Chico, 10; San Fernando Valley, 10; Humboldt, 8; Cal Poly at Pomona, 6; Stanislaus, 2; Orange, 1.

TRAINING CENTERS

Training of Peace Corps units is being conducted by the State Colleges. Last year, 59 members of a unit assigned to service in Morocco were trained at Cal Poly in San Luis Obispo. At the same time, San Francisco and San Jose State Colleges trained a contingent for duty in the Philippines.

Other California state colleges are conducting similar Peace Corps indoctrination conditioning.

Students interested in taking the Peace Corps placement tests may make arrangements at the Peace Corps information booth which will be set up across from the bookstore during "Peace Corps Week."

TACKLE ENGLISH—Peace Corps volunteer Flemming Heegard, 25, graduate of SJS with a degree in Psychology, brings the English language to Katmandu, Nepal.

Middle-Roaders Are SJS Political Orphans

By STEVE AGOSTA

If a student is politically a "middle-of-the-roader," chances are his views will not be represented by an organized SJS group.

The left and right of the imaginary political line are represented by various organizations at SJS, but there is no group that represents the so-called center. Perhaps this is because there are not enough college students, be it at SJS or other campuses, whose political views are not committed either to the left or the right.

SJS is not alone in this respect, however. Many other colleges and universities lack organized "middle-of-the-road" groups. But whatever the reason may be, SJS does have groups representing the extremes of this imaginary political line.

LEFT WING

On the left is the SJS Democratic Club, a liberal group, but not so extreme as its two leftist counterparts, SPU and TASC.

SPU (Student Peace Union) and TASC (Toward an Active Student Community) are the ultra-left factions at SJS.

The peace button-clad SPU members appear left of the Democratic Club, but not quite as far left as TASC.

The TASC group claims to be representative of political views further left than any at SJS. The group's leader has said that the far left is not representative at SJS, so his group would attempt to inform students of the far left and speakers to do so.

ON THE RIGHT

Moving to the right, SJS has these conservative groups: the Young Republicans, SAC (Students Against Communism), and a newly-formed group, Young Americans for Freedom.

Little presently is known of the freedom group except that it represents the conservative right. The group has yet to issue a policy statement of any kind.

SAC, though inactive per se this

semester, represents an avowed anti-Communist conservative view.

YOUNG REPUBLICANS

The Republicans have but one organized faction at SJS, the conservative YR group.

The Goldwater-supporting YRs, a member implied, include supporters of the far right. As the member stated, "There is a sprinkling of Birchers in every YR group in Santa Clara County." The SJS chapter is the largest in the county.

So, there are organizations on the SJS campus that represent both the liberal and conservative factions. But there is no middle-of-the-road group to be found; that is, if one exists.

Coed To Discuss 'Civil Disobedience'

SJS student Donna Waterman will speak of her experiences in "civil disobedience" demonstrations at 3:30 this afternoon in CH149. Miss Waterman participated in the Quebec-Guantanamo peace walk as well as sit-down demonstrations at the Atomic Energy Commission in New York, a release from the sponsoring SPU (Student Peace Union) group stated.

Besides relating some of her experiences, Miss Waterman will give some of her reasons for becoming active in civil disobedience movements.

Following the talk, the SPU group will hold a brief meeting.

Job Interviews

January graduates who signed up for the following job interviews are reminded to be at 303 S. Ninth, at scheduled time.

Monday, Oct. 14: North American Aviation — L. A. Division; Rocketdyne; U. S. Army Recruiting District; General Dynamics.

Tuesday, Oct. 15: General Dynamics.

MANY WAYS TO COOK BANANAS—Former SJS student Gloria Houston adds her talents to the Peace Corps program in St. Lucia, Caribbean Islands.

Audubon Film Series Opens

"The Right to Live," narrated by Chester P. Lyons, will be presented tonight at 8 in the Men's Gym as first film in the Audubon Screen Tours for 1963-64.

The film takes a tour of the west coast of Canada, depicting the plants and animals in each of

the five altitudinal life zones — the Coastal Zone, the Gulf Island Zone, the Dry Interior Zone, the Central Forest Zone, and the Alpine Zone.

Lyons is presently officer in charge of special projects in British Columbia's Department of Recreation and Conservation.

SPARTAN DAILY—3

Four New Justices, Alternate Named to IFC Judiciary

Four new members of the Inter-Fraternity Council Judiciary were announced Wednesday night at a meeting of the IFC at the Delta Sigma Phi house.

Justices announced by IFC Pres. Howie Reed were Bob Brown, Sigma Alpha Epsilon; Bob Johns, Delta Sigma Phi; Bruce MacDon-ald, Sigma Chi; and Charles Swail, Alpha Tau Omega. The alternate justice is Don Adams of Pi Kappa Alpha.

The new justices will join Chief Justice Randy Willoughby of Phi Sigma Kappa in hearing cases falling under fraternity jurisdiction.

Reed also announced the need for a faculty representative to fill

the vacancy that is now present.

In other business it was announced that the fraternity newspaper, "The Columns," will put out a Homecoming edition.

Craig Ward, public affairs director of the Peace Corps, made an unexpected call on the IFC to set up separate question and answer periods about the Peace Corps with each of the fraternities on campus.

Also Sgt. Dave Evans, of the San Jose Police Department, spoke to the IFC concerning Halloween law enforcement. He stressed that the police are ready to take wholesale measures to protect the property of innocent local residents, and to prevent the incidents of past Halloweens.

'Rockefeller, Goldwater Are Losers'

"If either Nelson Rockefeller or Barry Goldwater wins the 1964 GOP presidential nomination, the Republicans will lose the big race."

This was noted columnist Drew Pearson's prediction at a recent speech on the San Jose City College campus.

"The American public hasn't had a chance to scrutinize Goldwater," said Pearson, a liberal Democrat. "In the South he's for states' rights and he doesn't mention them in the North."

"Goldwater said he is not for great Federal spending, but he has introduced the biggest power project in Arizona—to be paid for by the Federal government," commented Pearson. "And I feel the American people won't vote to repeal income tax or social security. We can't turn back the clock."

"As for Rockefeller, he would lose about 80 per cent of the women's votes because of his recent divorce."

After casting Rockefeller and Goldwater aside, Pearson said, "The Republican Party has some good men, but unfortunately we haven't heard about them. One example is California's Thomas Kuchel, who I think would make a good President. If the Republicans were to nominate a moderate such as Kuchel, President Kennedy would have a tough race."

"It's too bad we are using brand names in politics as we do in cigarettes," quipped Pearson.

PRESS CONFERENCE

How does the influential Washington Merry-Go-Round correspondent feel about certain current international events? Below are some of his views gathered from a press conference at SJCC.

Q. How do you feel about the students who went down to Cuba and the resulting investigation before the House Committee on Un-American Activities?

A. "I think people going down there tend to muddy the water, resulting in confused politics. However, the situation of the students going down there shouldn't have been taken up by the House Committee on Un-American Activities."

Q. Do you think we should sell wheat to Russia, who will, in turn, give it to Cuba?

A. "I feel we should sell wheat to Russia. Concerning Cuba, the recent hurricane down there gives us a chance to make friends with the Cubans. We can show a humanitarian gesture by giving clothing, wheat, and other food to Cuba."

Q. "What is your opinion of the nuclear test ban?"

A. "I think highly of it because (1) it is very important we cease the poison in our atmosphere (2) we still can test underground (3) it is very important for the U.S. and Russia to begin having some areas of mutual understanding on government."

Q. "Do you think we should continue our economic and military aid to Viet Nam?"

A. "We can't pull out now. So we must do our best to prevent ties of communism in that country. But we must keep aid away from the rulers of the country." (He did not say how we should go about doing this.)

After the press conference, Feature Editor Diane Mauzy and I cornered Pearson to pose with us for a photograph. Here, I squeezed in the question, "What was the turning point in your career?"

"I wrote a book called 'Washington-Merry-Go-Round.' Because of this book I was fired from my newspaper job," replied Pearson. "So I took my book and a political column to a New York syndicate and they accepted it."

It's not every day that "you're fired" paves the way for success, but it did for this veteran columnist who really is whirling on his Washington-Merry-Go-Round.

Mu Phi Epsilon Members To Perform in Recital

Mu Phi Epsilon, national music sorority, will present a recital in Concert Hall Tuesday night at 8:15.

The program will open with Telemann's Sonata in F major

performed by Trix Kout on the flute and Kathy Schenk on the piano. Beethoven's Romance in F major, Op. 50 will be played by Adrienne Mihaly on the violin, with Joan Bridges playing the accompaniment.

Soprano Marilyn Stabbert will sing three songs with Margaret Brownlee accompanying her on the piano. The pieces will be Beethoven's "I Love Thee," Hue's "I Wept, Beloved, as I Dreamed," and Wolf's "Es Ist's."

Also included in the program will be Endresen's Rhapsody in G minor by Bonnie Coe, clarinet, and Carol Ewing, accompanist. Brahms' Capriccio in F sharp minor, Op. 76 will be played by Priscilla Moisk on the piano.

Concluding the recital will be Donna Lauer singing "In Questa Reggia" from Puccini's "Turandot" and Schubert's "Gretchen am Spinnrade." Accompanying her will be Bertha Swedenburg.

Mineral Exhibit To Open at Civic

"Rockhound Roundup," a gem and mineral show, will be presented tomorrow and Sunday in the San Jose Civic Auditorium. The exhibit, sponsored by Campbell Gem and Mineral Guild, will include over 100 guest and member cases of polished gemstones, minerals, fossils, crystals, and jewelry.

Among artists exhibiting are Dr. Robert Coleman, associate professor of art at SJS, and Sharr Coate, author of numerous articles on Mexican silver smithing.

'Ondine' Slates Tryouts For Monday, Tuesday

Tryout for Jean Giraudoux's "Ondine," a fantasy-romance, are slated for Monday and Tuesday at 7 p.m. in Studio Theater in the Speech and Drama Building. Scripts are now on reserve in SD100.

All students enrolled at SJS are eligible and encouraged to try out for this play, according to Miss Elizabeth Loeffler, professor of drama and director of the coming production.

"Ondine" is a tragedy based on a myth of a beautiful nymph who falls in love and marries a handsome knight. The tragedy comes when they learn their love is too ideal to survive the shocks of the world.

The third production of the College theater season will be Dec. 6, 7, 11-14.

These production dates were tentatively scheduled for "A Man for All Seasons" by Robert Bolt. However, the rights to the play are still unavailable, since it has just completed a national tour after a successful year on Broadway.

Because of this problem, "Ondine" became the substitute. In choosing the play, Miss Loeffler had to make the following considerations: (1) Would I like to direct the play? (2) Is it the type demanded by the other plays the department is producing this season? (3) Does it offer valuable experience to a large number of students?

'Uncle Tom' Novel First Over Million

NEW YORK—The first American novel ever to sell more than a million copies was Harriet Beecher Stowe's "Uncle Tom's Cabin," an anti-slavery epic that appeared first as a magazine serial. The first day it came out as a book, March 20, 1852, more than 3,000 copies were sold.

UNIVERSITY PARK, Pa. (UPI) — Ever wonder what causes concrete pavements to crack when exposed to freezing and thawing conditions?

Researchers at Penn State University are attempting to solve that puzzle. Their findings may have nationwide bearing on the cost and life expectancy of highways.

Highway departments and aggregate producers from all parts of the country are providing materials to the civil engineering department here for the study.

NEW AUTO INSURANCE SAVINGS ANNOUNCED

Savings up to \$100 on automobile insurance are now common for married men under 25 years of age with the California Casualty Indemnity Exchange.

"Married men in this age bracket are generally paying excessive premiums for the degree of risk involved," says George M. Campbell, Spartan Representative for the Exchange.

"We believe that a married man with family responsibilities is a more careful driver, and causes fewer accidents," said Campbell. "Therefore, he is entitled to rates for mature drivers."

For example: A married man, age 22 with Bodily Injury Liability \$10/20,000 Property Damage \$5,000 and Medical \$500 pays about \$169 a year with most insurance companies. With California Casualty he would pay about \$83 less \$14 dividend, or a net of \$69 (based on current 15 per cent dividend). Thus he saves about \$100 with the Exchange. (Other coverages with comparable savings).

Campbell declared that even unmarried men and women with good driving records may save over 15 per cent.

Call or write for full information to George M. Campbell, 1885 The Alameda, San Jose, Phone 244-9600.

SJS Coed Reigns At West Point Dance

By KAT SIMMS

The West Point-Cincinnati game, Sept. 28, was probably the most exciting, and thrilling football match San Jose State coed Rosemarie Stanton ever attended.

Why? That was the evening the blue-eyed, flaxen haired sophomore psychology teaching candidate, was crowned Homecoming Queen at the West Point Homecoming Dance.

To be a Homecoming Queen candidate, a girl's picture must be submitted by a West Point cadet. Cadet David Kuhn, a long time friend of Rosemarie's, put her picture into the running.

Rosemarie explained that it was "a joke at first." Cadet Kuhn had submitted her picture the year before and since she wasn't able to go to West Point for the contest her picture was withdrawn. This year her picture was entered again. "I really didn't think I could go back to New York this year," Rosemarie reported. "When I asked my parents if I could go I had already won company queen

and I knew I had to go back in order to win."

The contest is run in three divisions, Rosemarie explained. First, the women compete in the company division of 100 cadets. The candidate that wins this category goes on to the battalion division of 408 cadets and then to the finals where 3,000 cadets vote for their choice.

"My parents sent me back for the experience of the event," Rosemarie stated. "I didn't go so much for the contest, but to see people I had met when I visited West Point before." Rosemarie added.

Rosemarie, who visited West Point for three days, dined with academy officers, a cadet hostess, First classmen and five other final contestants. She laughingly recalled spilling her salad while eating with this group.

The second day of judging Rosemarie watched the West Point cadets' parade. That evening, during halftime, the six contestants were announced and presented before a capacity crowd. Immediately following the game a Homecoming Dance honoring the contestant was slated. Rosemarie, escorted by Cadet Kuhn, was announced and crowned Homecoming Queen. "I was so shocked," she stated. "I wasn't even nervous, because I didn't think I'd win. It's so hard to say it in words — you just feel it," answered Rosemarie when asked her reaction after being crowned West Point's second annual Homecoming Queen.

The new queen received a necklace, crown, roses, an engraved silver tray and a cadet hat from the academy. She will be featured in the West Point magazine, the "Pointer."

After her day-long reign, Rosemarie returned, via air, to SJS and was met at the airport by her delighted Alpha Phi sorority sisters, who welcomed her back with a bouquet of flowers.

Oh yes, West Point won the game, 22-0.

CUPID'S BUSY

NEW YORK (UPI) — The number of marriages in the United States went up 1.9 per cent in 1962, the fourth consecutive year to record a rise.

The Metropolitan Life Insurance Company said there were about 1,579,000 marriages in the country last year, compared with 1,550,000 in 1961 and 1,525,000 in 1960.

A FEATHER IN HER CAP—Sophomore Rosemarie Stanton gazes at her West Point cadet cap given to her after she was crowned Homecoming Queen Sept. 28 at the West Point-Cincinnati game. She was West Point's second Homecoming Queen.

Segregation Hits Oregon

The administration at Oregon University, Eugene, is separating the men from the boys and the girls. Male frosh live in their own dorms—apart from the men. Now the "unlucky" fellows are forced to eat in cafeterias separate from those for the girls, the Daily Emerald reported.

Instructors at Pepperdine College, Los Angeles, are all wet, or at least one was. According to an article in the Graphic, water-fights were the favorite pastime recently. During an instructor's lecture one evening, some students tramped in the classroom, bounced the teacher down to the pool, and dunked him.

TOBACCO SUBSTITUTES SOUGHT

"Weeds" smokers' puff may actually be weeds in the future. The Daily Universe of Brigham Young University stated that dandelion, lettuce, beets, cabbage, Swiss chard, spinach and other leaves are being blended and cured in search of a flavorful, aromatic cigarette that is free of tobacco.

SOLVING SEX

"Sex and Solutions" was the topic under discussion at an Indiana University YWCA meeting, in case you're interested. An article in The Indiana Daily Student didn't report if the sweet things reached any solution. Does sex need to be "solved?"

How do Americans "wet" their appetites? According to the Tartar Shield of Compton College, last year Americans sipped over 142 billion cups of coffee, downed 30 billion cups of tea, guzzled two billion gallons of soft drinks, and burped.

SOMETHING FISHY

The Lumberjack reported that the fish hatchery at Humboldt State College, Arcata, is the only one of its kind on any college campus in California or Oregon. The hatchery is used by classes in ichthyology, (study of fish), and ecology (study of organisms and habitat). The hatchery supplies fishermen with over 35,000 possible catches each year, the Lumberjack said.

Family Guitarists To Appear Oct. 18 At SJ Auditorium

On stage at the Civic Auditorium Friday evening, Oct. 18, will be "The Royal Family of the Guitar."

The 8:30 performance will feature The Romeros, Celedonio Romero and his sons, Celin, Pepe and Angel.

During their first tour here in 1962, they performed on three network television shows, gave two New York recitals, performed for the New York Philharmonic Society, recorded three albums and wrapped up their season at the Seattle World's Fair.

Their programs, which encompass five centuries of music, range from the classic guitar literature to Flamenco.

Tickets for The Romeros are available at the Wendell Watkins Management Box Office located at Sherman Clay, 89 S. First, San Jose.

Dusel Speaks

Dr. William J. Dusel, SJS vice president, will be master of ceremonies at the California State Employees Association dinner at Lamplighter Restaurant and Lodge in Sunnyvale.

The dinner is slated for tomorrow at 7:30 p.m. A social hour will begin at 6:30.

Black Masque Members Keep 33 Years of Secrecy at SJS

By JUDIE BLOCK

Thirty-three years is a long time to keep a secret, but this is how long the women of the Black Masque Society have kept theirs.

The Black Masque Society, which is strictly an honorary and social organization, demands a certain criteria for membership since only 11 coeds are asked to join at the end of their junior year. Each woman must have an overall 2.8 scholastic average, and she must be active in more than one area of activities.

Black Masque is not a service organization, but serves at some school functions even though that is not their primary purpose. Riding in the Homecoming Parade and serenading the women's living centers on Halloween are a

few of the school functions they perform. Their main objective is to honor women who have worked hard for three years at SJS.

It has always been the tradition for the Black Masque Society to be secret, but it wasn't getting the respect it deserved. The only time the women were recognized was when they were chosen to be in the society and honored at the Recognition Banquet.

The members now feel that they want others to know what the Black Masque Society is, so they will work hard and participate in activities.

According to Anne Davis, president, "This generation frowns upon secrecy. Someone asks you 'What's Black Masque?' and you reply that it is a secret. People

frown or sneer upon you when you say this!"

The 11 girls of the Black Masque Society are: Anne Davis, president; Reo Blake, vice president; Lynn Martin, secretary; Carolyn Finn, treasurer; and Barbara Masters, historian. Members comprise Jeanne Longinotti, Peggy Kimball, Janet Hobbs, Stevie Strom, Sharon Hatlett, Judy Farrell, members. The advisers are Mrs. Helen Stevens and Dr. Mary Ellen Durrett.

HOWARD THEW

GREAT RECORD

Spartan harrier coach Dean Miller has one of the nation's outstanding cross country and freshman track dual meet records. The crew-cut boss has won 108 dual matches without a loss.

NCAA Champion Harriers Face Test at Sacramento

San Jose State's NCAA champion cross country team puts its No. 1 ranking squarely on the block tomorrow at the Sacramento Invitational.

The Spartans, easy victors in their first outing at Long Beach two weeks ago, meet more formidable opposition this time. Coach Dean Miller labels the meet

as "the" major test before the nationals in November.

Stanford and the Golden Gate Track Club are both serious threats to take the meet team title away from the locals.

Payton Jordan's Tribe is rated by Miller as one of the top teams in the nation. Senior Harry McCalla, a 4:01 miler, and sophomore Dave Deubner are expected to carry the load for the Indians.

Paul Schlike, Weym Kirkland and Bill Pratt add depth to the Stanford cause.

Ineligible Spartans Ron Davis and Phil Darnall beef up the Golden Gate lineup. Davis is a two-time All American at SJS in cross-country. Darnall, a transfer from Chico State, could make this year's varsity, according to Miller.

These runners could all alter a predicted 1-2 finish by San Jose State.

Danny Murphy and Jeff Fishback did finish 1-2 last year as six Spartans cracked the top 10 finishers. San Jose scored 21 points compared with 43 for Stanford.

Murphy slogged his way to a new record of 17:54 for the 3.5 mile course in a driving rainstorm. Weather permitting, the record will fall by the wayside.

Winds up to 30 miles an hour made running an uncomfortable chore that day. Miller recalled that his team had to tape their shoes on to prevent the muddy goo from claiming them.

"While the other teams huddled in the warmth of the gym, we went out over the course, got all wet and were accustomed to the weather," Miller said. "It was a shock to most of the other runners when they came out of the gym for the race."

A bit worried over the team depth of his varsity beyond the big five of Gene Gurule, Tom Tuite, Ben Tucker, Murphy and Fishback, Miller has been greatly encouraged by the improvement of Dick Fernandez, Howie Thew and Lou Davidson.

Thew, third man on the 1961 frosh, ran all summer and put on a determined effort to make the varsity. Davidson was third man on the 1962 freshman national champions.

Fernandez was a state champion harrier at El Camino JC in 1961.

Tucker, who rested this sum-

mer after an exhausting spring track season, is near his top form again.

"Our team is working harder this year than any other team in the nation," Miller said, "and if I didn't think so, I wouldn't sleep nights."

The Spartans find out fast tomorrow whether they have worked hard enough.

DEAN MILLER

FOOTBALL FAMILY

Frosh Swamp Cal, 14-5

The Spartababe water polo team swamped the Cal freshmen 14-5 last night to extend their unbeaten

skein to 7-0.

Captain Jack Likins and Greg Buckingham again were the big guns for San Jose State, scoring 10 goals between them. Buckingham hit 4-4 giving him 23 goals in 31 attempts for the season.

Likins' six gave him 35 points for the season.

Fred Haket pushed home the first score early in the opening period and the local frosh were never headed, although Cal played stubbornly to trail 6-3 at the intermission.

However, Buck and Likins each ripped in three counters in the third period to put the game out of reach. Each team scored only one in the final quarter.

In Wednesday's game at San Jose City College, Buckingham hit on six of eight shots to lead a 11-2 win over the Jaguars.

However, Coach Lee Walton said the team was down mentally and did not put out a good effort, even though scoring when it had the opportunities.

Alumni Match

The NCAA champion San Jose State judo team unveils its 1962-63 crop of fighters tomorrow night against the Spartan Alumni in MG207.

Three of the four national individual title holders for SJS will compete in the contest which starts at 6:30.

Gridders Seek Relief For Ailing 1-2 Mark

Bob Titchenal, nursing an ailing San Jose State football record, seeks the "booster shot" that could mark a turnaround in the Spartans' present luck in tomorrow's clash with Washington State University.

San Jose State has been spanked hard twice in three previous weekends. Stanford stopped the Spartans and Utah State buried them 20-0. Sand-

wiched between was a 16-0 victory over Kansas State.

Clarence Williams is "Mr. Locomotion" for the Cougars. The speedster, 9.6 in the 100-yard dash, has ground out 311 yards, making him the nation's second best rusher.

Harry Anderson, SJS assistant coach, scouted WSC last weekend. His report was that quarterback

Larry Nelson
"Yours for Life"
CONNECTICUT MUTUAL LIFE

1671 The Alameda - Suite 311

Robert T. Heckley C.L.U. General Agent

Tickets for the San Jose State-California football game, Oct. 19 at Berkeley, can now be picked up with student body cards at the Student Affairs Business Office (B-1). Ticket deadline is Oct. 17.

Dave Mathieson was right on target, but that his group of receivers wasn't consistent.

Anderson also told Titchenal the Cougars can be passed on, which is good news for Spartan quarterbacks Rand Carter and Ken Berry.

San Jose State had good passing days against Stanford and Kansas State. However, the Spartans waited until the second quarter before starting to throw. They'll have to get a jump on the Cougars with their passing attack early in the game, in order to win.

There are only two "doubtfuls" for the Pullman, Wash., meeting. Halfback Jerry Colletto has a bad ankle and tackle Ray Lyckack a muscle injury in his back.

Fullback Charlie Haraway is in good running form and will see his share of duty against the Cougars.

Forty-Six Strong

Cal Poly Hopes To Sever Spartababe Victory Plans

Bob Jones' freshman football team, with one victory already behind them, looks further into a winning football season today, cracking leather with Cal Poly of San Luis Obispo at 3 p.m. in Spartan Stadium.

"This has been a hard working squad all year," said Jones. "How well we do depends on how quickly we can improve to meet the calibre of the teams we'll be facing soon."

The Spartababes meet the California yearlings next Saturday and the University of Pacific frosh the following week.

Cal Poly Coach Viv Buccola brings a 46-man playing roster to

Spartan Stadium. The Mustangs have 238-pound tackle Mickey Workman of Mt. Diablo to top a fine list of frosh candidates.

Quarterbacking SJS once again will be Ray Blute, who fired 10 completions in 19 attempts in San Jose's 22-12 win over Fresno State.

Leon Herzog, according to the coaches, can hit like an armored car. He'll start at fullback for injured Bill Morrisroe.

Gary Stepansky has picked up 42 yards rushing for a 4.7 average, while Larry Meyers has a 6.0 average on four carries for the SJS frosh. Don Buckingham leads the pass receivers with five catches for 92 yards.

Unfavored Spartans Whip USF; Korbis Sparkles With Four Goals

By TOM O'NEIL

Excellent ball control, superb defensive play and Al Korbis' four goals led San Jose to a 8-0 upset NorCal League soccer win over the University of San Francisco last night at Spartan Stadium.

Korbis did a great job for the Spartans despite the elements, gusty winds and rain. He booted in San Jose's first two goals, kicked in another in the second period, and scored a fourth goal with three minutes left in the contest.

Dave Kingsley's dazzling ball control and expert passing led to four of San Jose's goals.

Nigerian Efiok Akpan shared the limelight with the Spartan's co-captains by kicking in three goals. A pass from Korbis to Lou Fraser accounted for the eighth goal.

It was the second consecutive shutout victory for San Jose. The Dons became the Spartan's sixth victim of the season as San Jose remains undefeated with a 6-0 record.

After winning its first two league games, the other being a 5-0 win over San Francisco State, San Jose now leads the NorCal League with a 2-0 mark.

Goalie Svans made the defensive play of the evening when he grabbed a penalty kick by the Dons' Deltazar Montes in mid-air to stop a possible goal.

of scoring a Don goal in the first period. His kick from 30 yards out hit the cross bar on the Spartan cage and bounced off.

Bradley Clicks for Scores; Moulder Hall Rambles 33-0

Moulder Hall blitzed Markham Hall 33-0 as quarterback Frank Bradley threw three touchdown passes and zipped 60 yards for a score in intramural football action Wednesday.

Bradley completed scoring tosses for 40 and 10 yards to Ken Knaepa and his Ron McNichols with a three-yard TD pass. Knaepa added the other touchdown on a 60-yard pass interception.

SAE No. 2 defeated the Air Force ROTC 19-7 behind the superb play of Bob Yox. Yox clicked off touchdown runs of 65 and 60 yards and threw a 18-yard scoring pass to Ty Wilson.

Sam Young hit Jeff Haney in the end zone with a pass for another AFROT score.

The Sixty Niners gave the undefeated Corksoakers a rough battle but a 50-yard pass from John Waller to Jim Corkrum gave the Corksoakers a 6-0 victory.

The Ho-Dads and Fubars, battling to a scoreless tie.

Rich LaCahapelle completed four aeriels for six pointers in leading the Beavers to a 20-0 shutout over the Army ROTC.

Ken Hickey gathered in two of the touchdown passes while Wayne Lemons and Del Olson each caught one.

Phi Sigma Kappa stayed with an air attack to defeat Leonard Hall 18-6. Pete Economon, Joe Moffitt, and Brenley Appleton each scored on pass receptions for Phi Sigs. Terry Heekin snagged a TD pass for Leonard Hall.

Randy Wright was instrumental in Red Horde's 20-0 win over Kappa Pi. Wright scampered for scor-

ing runs of 35 and 12 yards and tossed a 25-yard aerial to Steve Decoite.

"I" House forfeited to the Warriors in another scheduled contest.

P.E. Prof To Appear On KNTV's 'Perspective'

Dr. Clair Jennett, associate professor of men's physical education at SJS, will appear on the program "Perspective" tomorrow on KNTV, Channel 11.

Dr. Jennett, who will discuss the gymnastics program at SJS, will have as his guests Donald Peckham, instructor of physical education in the Campbell Elementary School district, and James Gault, instructor of physical

education in the Cupertino Elementary School district.

The guests will show two of the gymnastics programs that are being developed in local school districts and will discuss the need for enlarged programs to increase physical fitness among American youngsters. Films illustrating the programs will be shown.

The "Perspective" television series, produced from the television studios on campus, is handled entirely by students working in the radio and television curriculum of the drama department.

Robert Buck, graduate student of drama, directs the program on "Gymnastics." Assisting him is Christopher Moore, with the production supervised by Richard Elliott, assistant professor of Drama.

Eight SJS Profs Write Secondary Education Book

"Secondary School Curriculum," a book written in collaboration by eight members of the Secondary Education Department at San Jose State.

Contributing authors are: Dr. Harold H. Hailer, Dr. Richard S. Mitchell, Dr. Lawrence Pugno, Dr. Dwight Shafer, Dr. Curt Stafford, and Dr. Jack W. Sutherland.

The editors were Dr. James W. Thornton, Jr., and Dr. John R. Wright.

The book is a study of the ideas behind teacher education, curriculum, and instructional methods.

A NEW RULE—Rule playmate Margaret Kelley looks over the new edition of Rule magazine which goes on sale tomorrow, Monday and Tuesday. Margaret is a Senior English major and an Alpha Phi.

Putney To Discuss Possible Kinship: War and Neurosis

"Peace, War and Neurosis," will be the title of a lecture presented by Dr. Snell Putney, associate professor of sociology, on Oct. 14 at 8 p.m. in the Allen Hall lounge.

The basic idea of the lecture, which is sponsored by the Allen Hall Cultural Committee, is that the idea of nuclear war isn't something rational men and societies would come up with.

"I will try to relate the willingness of people in the industrial countries, Russia and the United States, to go to war. I will also try to relate nuclear war to normal neurosis in these societies," stated Dr. Putney.

He added that when we think of

neuroses we think of the abnormal ones because these we notice. Normal neuroses has more influence on society because everyone has them.

Dr. Putney, who received his PhD at the University of Oregon in 1954, has done research into political attitudes and attitudes toward war. These were published in sociological journals.

Dr. Putney is also the author of the book, *Normal Neurosis*, which will be published by Harpers in March.

He has studied at the University of Mexico and the University of Nebraska. Before teaching at SJS, he taught in Iowa and Florida.

'New' Rule Goes on Sale Tomorrow

A new and livelier Rule will go on sale tomorrow, according to the magazine's circulation manager, John Sartori.

The first edition of the fall semester will be available in the lobby of the Engineering Building to students and guests attending tomorrow's Careers in Engineering and Science Day.

The new Rule is the result of a policy change initiated last semester which will make the magazine appealing, "not just to engineering students, but to all students in any major field," says Rule editor Norm Bryan.

The Rule will also be on sale Monday and Tuesday in the lobby of the Engineering Building and in the Science Wing.

Articles appearing in this issue include "politics and Pumps," by Dr. Duncan E. Williams, professor of mechanical engineering entitled "Memoirs of an Engineer" and "Engineering a Playboy Apartment."

The magazine will also include an introduction of the new engineering faculty, a look at the decreasing engineering enrollment at SJS and thumbnail sketches of student societies in the Engineering Division.

The featured technical article for this issue will be "X-ray Diffractometer" by International Business Machines Corp.

Co-Rec Tomorrow

Co-Rec opens in the Men's and Women's Gyms tomorrow from 12:30 to 4:30 p.m. Basketball, volleyball and badminton are offered in the Men's Gym, ping-pong in the Women's Gym.

Swimming and trampoline activity will begin at 1 p.m. Student body cards or faculty privilege cards are needed for admission.

MAJOR DOROTHY SHERBA, Women's Army Corps selection officer for the Sixth U.S. Army recruiting district, will be on campus Monday to interview SJS coeds interested in WAC officers' commissions. She will be at the Placement Annex, 303 S. Ninth.

Chess Officers Will Be Elected

The first meeting of Chess Club will be held today at 2:30 p.m. in the College Union Lounge.

The election of officers will be held at this meeting. Anyone who is interested but unable to attend the meeting is requested to call Wayne Fields at CH 8-2361 after 5 p.m.

Foreign Musical Event Tonight

"Participation Night" is planned tonight at 8 in the International Students Center, 285 S. Market St.

"Bring your musical instruments. Teach us a song or a dance of your country. We'll all join you," Mrs. Betty Brill, director of the center, said.
